- then the observing party shall give *Notice in Writing* to the other party of such conditions before they are disturbed and in no event later than 5 *Working Days* after first observance of the conditions.
- 6.4.2 The *Consultant* will promptly investigate such conditions and make a finding. If the finding is that the conditions differ materially and this would cause an increase or decrease in the *Contractor's* cost or time to perform the *Work*, the *Consultant*, with the *Owner's* approval, will issue appropriate instructions for a change in the *Work* as provided in GC 6.2 - CHANGE ORDER or GC 6.3 - CHANGE DIRECTIVE.
- 6.4.3 If the *Consultant* finds that the conditions at the *Place of the Work* are not materially different or that no change in the *Contract Price* or the *Contract Time* is justified, the *Consultant* will report the reasons for this finding to the *Owner* and the *Contractor* in writing.
- 6.4.4 If such concealed or unknown conditions relate to toxic and hazardous substances and materials, artifacts and fossils, or mould, the parties will be governed by the provisions of GC 9.2 - TOXIC AND HAZARDOUS SUBSTANCES, GC 9.3 - ARTIFACTS AND FOSSILS and GC 9.5 - MOULD.

GC 6.5 DELAYS

The *Contractor* shall be reimbursed by the *Owner* for reasonable costs incurred by the *Contractor* as the result of such delay.
- 6.5.2 If the *Contractor* is delayed in the performance of the *Work* by a stop work order issued by a court or other public authority and providing that such order was not issued as the result of an act or fault of the *Contractor* or any person employed or engaged by the *Contractor* directly or indirectly, then the *Contract Time* shall be extended for such reasonable time as the *Consultant* may recommend in consultation with the *Contractor*. The *Contractor* shall be reimbursed by the *Owner* for reasonable costs incurred by the *Contractor* as the result of such delay.

 - .4 any cause beyond the *Contractor's* control other than one resulting from a default or breach of *Contract* by the *Contractor*,
- then the *Contract Time* shall be extended for such reasonable time as the *Consultant* may recommend in consultation with the *Contractor*. The extension of time shall not be less than the time lost as the result of the event causing the delay, unless the *Contractor* agrees to a shorter extension. The *Contractor* shall not be entitled to payment for costs incurred by such delays unless such delays result from actions by the *Owner*, *Consultant* or anyone employed or engaged by them directly or indirectly.
- 6.5.4 No extension shall be made for delay unless *Notice in Writing* of the cause of delay is given to the *Consultant* not later than 10 *Working Days* after the commencement of the delay. In the case of a continuing cause of delay only one *Notice in Writing* shall be necessary.
- 6.5.5 If no schedule is made under paragraph 2.2.13 of GC 2.2 - ROLE OF THE CONSULTANT, then no request for extension shall be made because of failure of the *Consultant* to furnish instructions until 10 *Working Days* after demand for such instructions has been made.

GC 6.6 CLAIMS FOR A CHANGE IN CONTRACT PRICE

- 6.6.1 If the *Contractor* intends to make a claim for an increase to the *Contract Price*, or if the *Owner* intends to make a claim against the *Contractor* for a credit to the *Contract Price*, the party that intends to make the claim shall give timely *Notice in Writing* of intent to claim to the other party and to the *Consultant*.
- 6.6.2 Upon commencement of the event or series of events giving rise to a claim, the party intending to make the claim shall:

- 6.6.3 The party making the claim shall submit within a reasonable time to the *Consultant* a detailed account of the amount claimed and the grounds upon which the claim is based.
- 6.6.4 Where the event or series of events giving rise to the claim has a continuing effect, the detailed account submitted under paragraph 6.6.3 shall be considered to be an interim account and the party making the claim shall, at such intervals as the *Consultant* may reasonably require, submit further interim accounts giving the accumulated amount of the claim and any further grounds upon which it is based. The party making the claim shall submit a final account after the end of the effects resulting from the event or series of events.
- 6.6.5 The *Consultant's* findings, with respect to a claim made by either party, will be given by *Notice in Writing* to both parties within 30 *Working Days* after receipt of the claim by the *Consultant*, or within such other time period as may be agreed by the parties.
- 6.6.6 If such finding is not acceptable to either party, the claim shall be settled in accordance with Part 8 of the General Conditions - DISPUTE RESOLUTION.

- 7.1.2 If the *Contractor* neglects to prosecute the *Work* properly or otherwise fails to comply with the requirements of the *Contract* to a substantial degree and if the *Consultant* has given a written statement to the *Owner* and *Contractor* that sufficient cause exists to justify such action, the *Owner* may, without prejudice to any other right or remedy the *Owner* may have, give the *Contractor Notice in Writing* that the *Contractor* is in default of the *Contractor's* contractual obligations and instruct the *Contractor* to correct the default in the 5 *Working Days* immediately following the receipt of such *Notice in Writing*.

- 7.1.3 If the default cannot be corrected in the 5 *Working Days* specified or in such other time period as may be subsequently agreed in writing by the parties, the *Contractor* shall be in compliance with the *Owner's* instructions if the *Contractor*:

 - .2 provides the *Owner* with an acceptable schedule for such correction, and
 - .3 corrects the default in accordance with the *Contract* terms and with such schedule.
- 7.1.4 If the *Contractor* fails to correct the default in the time specified or in such other time period as may be subsequently agreed in writing by the parties, without prejudice to any other right or remedy the *Owner* may have, the *Owner* may:

 - .4 on expiry of the warranty period, charge the *Contractor* the amount by which the cost of corrections to the *Contractor's* work under GC 12.3 - WARRANTY exceeds the allowance provided for such corrections, or if the cost of such corrections is less than the allowance, pay the *Contractor* the difference.
- 7.1.6 The *Contractor's* obligation under the *Contract* as to quality, correction and warranty of the work performed by the *Contractor* up to the time of termination shall continue after such termination of the *Contract*.

- 7.2.2 If the *Work* is suspended or otherwise delayed for a period of 20 *Working Days* or more under an order of a court or other public authority and providing that such order was not issued as the result of an act or fault of the *Contractor* or of anyone directly or indirectly employed or engaged by the *Contractor*, the *Contractor* may, without prejudice to any other right or remedy the *Contractor* may have, terminate the *Contract* by giving the *Owner* *Notice in Writing* to that effect.
- 7.2.3 The *Contractor* may give *Notice in Writing* to the *Owner*, with a copy to the *Consultant*, that the *Owner* is in default of the *Owner's* contractual obligations if:
- .1 the *Owner* fails to furnish, when so requested by the *Contractor*, reasonable evidence that financial arrangements have been made to fulfill the *Owner's* obligations under the *Contract*, or
 - .2 the *Consultant* fails to issue a certificate as provided in GC 5.3 - PROGRESS PAYMENT, or
 - .3 the *Owner* fails to pay the *Contractor* when due the amounts certified by the *Consultant* or awarded by arbitration or court, or

- 7.2.5 If the *Contractor* terminates the *Contract* under the conditions set out above, the *Contractor* shall be entitled to be paid for all work performed including reasonable profit, for loss sustained upon *Products* and *Construction Equipment*, and such other damages as the *Contractor* may have sustained as a result of the termination of the *Contract*.

- 8.1.1 Differences between the parties to the *Contract* as to the interpretation, application or administration of the *Contract* or any failure to agree where agreement between the parties is called for, herein collectively called disputes, which are not resolved in the first instance by findings of the *Consultant* as provided in GC 2.2 - ROLE OF THE CONSULTANT, shall be settled in accordance with the requirements of Part 8 of the General Conditions - DISPUTE RESOLUTION.
- 8.1.2 If a dispute arises under the *Contract* in respect of a matter in which the *Consultant* has no authority under the *Contract* to make a finding, the procedures set out in paragraph 8.1.3 and paragraphs 8.2.3 to 8.2.8 of GC 8.2 - NEGOTIATION, MEDIATION AND ARBITRATION, and in GC 8.3 - RETENTION OF RIGHTS apply to that dispute with the necessary changes to detail as may be required.

The parties shall act immediately according to such instructions, it being understood that by so doing neither party will jeopardize any claim the party may have. If it is subsequently determined that such instructions were in error or at variance with the *Contract Documents*, the *Owner* shall pay the *Contractor* costs incurred by the *Contractor* in carrying out such instructions which the *Contractor* was required to do beyond what the *Contract Documents* correctly understood and interpreted would have required, including costs resulting from interruption of the *Work*.

The responding party shall send a *Notice in Writing* of reply to the dispute within 10 *Working Days* after receipt of such *Notice in Writing* setting out particulars of this response and any relevant provisions of the *Contract Documents*.
- 8.2.3 The parties shall make all reasonable efforts to resolve their dispute by amicable negotiations and agree to provide, without prejudice, frank, candid and timely disclosure of relevant facts, information and documents to facilitate these negotiations.
- 8.2.4 After a period of 10 *Working Days* following receipt of a responding party's *Notice in Writing* of reply under paragraph 8.2.2, the parties shall request the Project Mediator to assist the parties to reach agreement on any unresolved dispute. - 8.2.5 If the dispute has not been resolved within 10 *Working Days* after the Project Mediator was requested under paragraph 8.2.4 or within such further period agreed by the parties, the Project Mediator shall terminate the mediated negotiations by giving *Notice in Writing* to the *Owner*, the *Contractor* and the *Consultant*.
- 8.2.6 By giving a *Notice in Writing* to the other party and the *Consultant*, not later than 10 *Working Days* after the date of termination of the mediated negotiations under paragraph 8.2.5, either party may refer the dispute to be finally resolved by arbitration under the Rules for Arbitration of Construction Disputes as provided in CCDC 40 in effect at the time of bid closing. The arbitration shall be conducted in the jurisdiction of the *Place of the Work*.
- 8.2.7 On expiration of the 10 *Working Days*, the arbitration agreement under paragraph 8.2.6 is not binding on the parties and, if a *Notice in Writing* is not given under paragraph 8.2.6 within the required time, the parties may refer the unresolved dispute to the courts or to any other form of dispute resolution, including arbitration, which they have agreed to use.

- 8.2.8 If neither party, by *Notice in Writing*, given within 10 *Working Days* of the date of *Notice in Writing* requesting arbitration in paragraph 8.2.6, requires that a dispute be arbitrated immediately, all disputes referred to arbitration as provided in paragraph 8.2.6 shall be

PART 9 PROTECTION OF PERSONS AND PROPERTY

10.1 It is agreed that one of the reasons why the *Contractor* was selected for the Work is the *Contractor's* representation and warranty that it will attain Substantial Performance of the Work by the date set out in Article A-1, paragraph 1.3 and the *Contractor* acknowledges that it has been advised by the *Owner* that it is critical to the *Owner* that Substantial Performance of the Work be achieved by the prescribed date and that time is of the essence of this Contract.

Add the following general conditions at the end of "GC 2.3 REVIEW AND INSPECTION OF THE WORK"

2.3.8 The *Consultant's* general review during construction and inspection by independent inspection and testing agencies reporting to the *Consultant* are both undertaken to inform the *Owner* of the *Contractor's* performance and shall in no way augment the *Contractor's* quality control or relieve the *Contractor* of contractual responsibility.

Add the following general conditions at the end of "GC 2.4 DEFECTIVE WORK"

2.4.4 The *Contractor* shall provide a system of quality control to ensure that the maximum industry standards and/or as specified herein are attained.

- 2.4.5 The *Contractor* shall bring to the attention of the *Consultant* and/or *Owner* any defects in the work or departures from the *Contract Documents* which may occur during construction. The *Owner* shall decide upon corrective action through consultation with the *Consultant*.
- 2.4.6 Where factual evidence exists that defective workmanship has occurred or that work has been carried out incorporating defective materials, the *Consultant* or *Owner* may have tests, concrete cores, inspections or surveys performed, analytical calculation of structural strength made and the like in order to help determine whether the work must be replaced. Tests, inspections or surveys carried out under these circumstances will be made at the *Contractor's* expense, regardless of their result, which may be such that, in the *Consultant's* opinion, the work may be acceptable to the *Consultant*.
- 2.4.6.1 All testing shall be conducted in accordance with the requirements of the Ontario or Quebec Building Codes and any other applicable laws or regulations, except where this would, in the *Consultant's* opinion, cause undue delay or give results not representative of the rejected material in place. - 3.5.4 In the event of a conflict between the *Contractor's* performance of the Work and the *Owner's* requirements to operate an operational facility, the operation of the facility shall always take precedence.

Attention: Neman Barba P Eng. - Project Consultant

RE: 2244 West 6th Avenue – **Elevator Modernization**

Dear Neman,

Richmond Elevator Ltd. Would like to thank both Rooney Irving and Associates Consulting and the CLV Group for the opportunity of providing a quotation for the full system modernization of the Single important traction elevator in the above building.

REM is not a General contractor but will include the related electrical work in our base bid as requested. This includes the required building and electrical permits as required in the province of BC for any fire alarm modifications.

REM to carry this in the base bid as instructed in the specification

Richmond has reviewed the specification in detail, and has made the following clarifications to the specification as follows:

In General and to agree with the way Modernizations are being done these days, REM will provide a ACPM Gearless machine as part of the base bid. Gearless machines are more efficient and eliminate the physical lash of a ring/worm geared machine and the associated gear oil. Another important advantage is the use of the Dual Brake on the gearless machine that eliminates the need to provide a rope gripper. Typically Rope grippers are the weak link in any geared modernization, so by providing gearless machines we eliminate the weak link in the system.

Section 14 20 06 – GENERAL

- 1) **Item 1.1.3** – As stated in the pre-ambles REM to provide a new ACPM Gearless machine in our base bid.
- 2) **Item 1.13.1** – REM to provide two (2) hard copies and 2 soft copies of the Elevator Owners manuals.
- 3) **Item 1.14.1** – REM is bidding this project based on the understanding that we will be awarded the on-going maintenance after the expiry of the 36 Month warranty service as specified elsewhere.

RICHMOND ELEVATOR

Serving You Since 1974

Section 14 20 06 Clarifications Continued

- 4) **Item 2.9.3** – REM suggests the system balance for Gearless machines will be 45%
- 5) **Item 2.11.1** – REM to provide a new Imperial 478 AC gearless machine in lieu of replacing the Motor only on an obsolete machine. Gearless machine will result in an approximate HP of 2.5 that will ensure that the wire size that feeds the disconnect in the machine room can be retained. Note Typical new AC motors for Geared at 100 FPM will result in a HP jump from 5 to 7.5 to run at 100 fpm.
- 6) **Item 2.14** – Delete – REM to provide the dual brake on the Gearless machine to provide the unintended motion part of the code. This eliminates the weak link in the system which would be a rope gripper.
- 7) **Item 2.23.3** – REM to provide our standard single Emergency light built into the top of car inspection station.
- 8) **Item 2.24.1** – REM to provide one Emergency Light built into the car station.
- 9) **Item 2.25.3** – REM to only replace the sub floor should we note any damage to the existing floor that would hinder the ability to install new floor.
- 10) **Item 2.26** – The car Cab as specified will result in more than 5% increase in the dead weight of the elevator. This is due to the fact that there is little weight that can be removed from the original interior based on flush wall to wall laminate.. REM to do the elevator specific calculations but suggest that building structure and pit review is to be done by others. REM can look at providing a complete new cab with the specified finishes to reduce the system weight. To do this will result in EXTRA costs.
REM suggests that we need to do a system review with our engineers to determine if
A new cab with the specified finishes will work without a structural review.
- 11) **Item 2.30** – REM to provide a Panachrome entrance protection based on the Panachrome Illuminated system 3D systems due to the tight space in front of the elevator that can cause false door reversals.
- 12) **Item 2.39.3** – REM suggests that all position indicators be located in the extended plate hall stations.
- 13) **Item 3.3.4.2** – REM will not provide any structural review in the event the suggested car cab interior exceeds the 5% threshold. . REM can suggest modifications to the car cab finishes to reduce the weight so that we are under the 5%.
- 14) **Item 3.5.6** – REM to provide an Owners manual with a second set of controller wire diagrams to be in the machine room. REM to include a soft copy of the electrical drawings to the owner in the Owner's Manual for the project.
- 15) **Item 3.7.5** – The nature of this project is stat short duration noise is unavoidable REM has not included for overtime work for this project. REM suggests that as this is a residential building that any short duration noise may be best done during regular hours within the building bylaw for noise (after 9:00 AM) when most residents are away at work.
- 16) **Item 3.7.9** – REM to use our standard full entrance height removable barricades in lieu of fixed wood barricades as suggested.

If you have any questions regarding any of the information provided in our quotation, please do not hesitate to let us know.

Yours truly,
Richmond Elevator Ltd.
